Sift together:

1 1/2 c flour  
1 T baking powder  
3T sugar  
1/2 t salt

In a bowl whisk together:

2 eggs  
1 1/2 c milk  
1/2 t vanilla  
1/4 c butter, melted

Mix in a bowl the dry ingredients.

In a separate bowl combine the eggs, milk, and vanilla. Then add the dry ingredients.

Then whisk in the melted butter.

DO NOT OVER MIX...batter may be lumpy.

Heat the griddle or skillet to medium heat. Oil the pan. Ladle 1/4 c of batter onto the pan.

Cook until you see bubbles form on the surface and the other side will be golden brown. ABOUT 2-3 minutes.

Then FLIP to cook the other side.
